World's leading Self-Serve Dog Wash company

— iClean International is the World's leading Self-Serve Dog Wash manufacturer based in Venray, The Netherlands. Our roots go back 105 years: the basis of our company was founded in 1919 in Rotterdam, the Netherlands (Saarloos Automotive Equipment B.V.). Our Car Wash Division, iClean Car Wash Technologies, has 50 years of experience in Car Wash technology and dealing with water and waste water in particular. iClean Car Wash Technologies is the worldwide marketleader in full biological water reclaim systems. We have been offering our famous stainless steel products for export for several decades.

Sixteen years ago (2008), we expanded our product range with the iClean Dog Wash, which became the global Dog Wash standard. Following significant production growth the last few years iClean International has committed to the long-term future by expanding their operations. In the beginning of 2019 iClean International increased their production capacity by the opening of a new manufacturing facility for the production and assembly of Dog Wash units. In 2021 the new manufacturing facility was doubled in size and in 2023 a second manufacturing facility was added.

Manufacturing

Completely *manufactured* in-house

— When you choose an iClean Dog Wash unit, you're getting a product that's backed by over 50 years of experience in engineering and crafting premium quality wash machines. We produce the iClean Dog Wash units completely in-house, using the highest quality components available.

The iClean Dog Wash is built to last a lifetime, plug and play, maintenance free, safe and easy to use. Installation is easy and all you need is a drain, a cold-water line and a wall outlet. You can start to generate revenue less than 1.5 hours after receiving it.

THE perfect extra revenue generator for your pet store, car wash, veterinary clinic, gas station, dog grooming business, garden center, multi-family community, laundromat and so many other facilities.

- ✓ Low cost, high profit
- ✓ Average Return on Investment (ROI) 1.5 years
- ✓ Business all year round
- ✓ Easy to clean and maintain

○ Quality standards

Only *high quality* components

— As the Dog Wash specialist, iClean international has a wealth of knowledge and experience in the field of Dog Wash technology. Equally important is the quality of the components that we use.

The iClean Dog Wash is built using only top-quality components. No concessions are made. We built our machines to last a lifetime.

○ Our impact

The future is *sustainable*

— At iClean International we care deeply about the environment and the world we and our children will live in years from now. Our motto: Today for tomorrow. For people, the planet and the future.

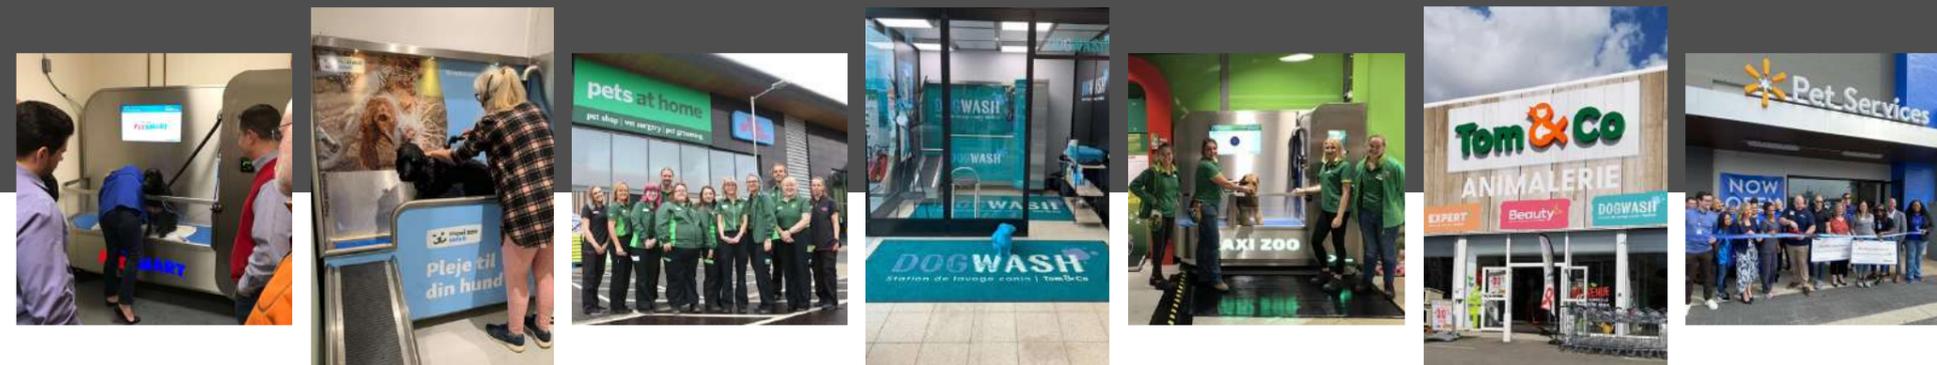

It's our goal to advance the circular economy, in which resources are kept in use for as long as possible, maximum value is extracted from them whilst in use, and materials are recovered and regenerated at the end of their service life.

○ Satisfied clients

Tested and approved *Vendor of Choice*

— iClean Dog Wash is the only Self-Serve Dog Wash manufacturer that has been tested and is approved (Vendor of choice) by major pet store chains such as PetSmart, Fressnapf, Maxi Zoo, Pets at Home, Woof Gang Bakery, Tom&Co, Jardiland, Jollyes, Animalis and Pets Place. But also other companies such as Greystar, Shell, BP, Texaco, Chevron and 7-Eleven.

We produce the iClean Dog Wash units completely in-house, using the highest quality components available. Our commitment to quality products, affordable pricing and excellent service is the reason we are the worldwide market leader. The iClean Dog Wash is best all-in-one Self-Serve Dog Wash unit in the world.

40% Increase in *customer traffic*

— Upgrade your business with a self-service dog wash. Installing an iClean Dog Wash unit is a smart investment, because this demonstrably ensures a continuous flow of new customers, who also spend more. Win-win!

25% increase in turnover. With your new iClean Dog Wash unit, more customers will visit your company on a regular basis to wash their dog. This not only means direct income from the Dog Wash, but also additional turnover for your core business. On average, the turnover per customer increases by no less than 25%!

40% new customers. The new customer spend is an added bonus, with 40% of the Dog Wash customers being new to your store it is an opportunity to retain them. Your iClean Dog Wash will average 35 washes per week (worldwide average), \$350 turnover. Out of these customers 15 have not been to the store until you installed the iClean Dog Wash. On average, every customer will return once every 4 weeks for a new wash. Convert this into additional store sales per year and it's clear that adding an iClean Dog Wash is a no-brainer!

Calculate *your profit*

Price per 10-minute wash (standard: \$ 10.00)	<input type="text" value="10.00"/>	We have over 2,750 customers who use an iClean Dog Wash unit to drive increased foot traffic, strengthen customer loyalty, boost cross-sales, and more. And your business could take advantage of those same benefits.
Cost per wash (standard: \$ 1.20)	<input type="text" value="1.20"/>	
Number of washes per week (average: 35)	<input type="text" value="35"/>	
Number of years	<input type="text" value="10"/>	
Total profit	<u>\$ 160,160.00</u>	Statistics show that our customers are averaging 35 washes per week. With a price per wash of \$ 10.00 and the cost per wash of only \$ 1.20, you will have a return on your investment in less than 1.5 years.

iClean *adds value*

With an iClean Dog Wash you transform your company into a destination for dog lovers. In addition to the income from the iClean Dog Wash itself, you will also boost the sales of everyday products like pet food, pet toys & pet care products.

01

40% new customers

02

Returning customers every 4 weeks

03

25% increase in turnover

The iClean Dog Wash acts as a magnet for dog owners. 40% of your Dog Wash customers are new to your store / location. This offers unprecedented opportunities in cross-selling!

90% of your customers are returning customers, simply because they love the iClean Dog Wash. On average, they come back every 4 weeks to wash their dog; a great snowball effect!

Installing an iClean Dog Wash generates an average of 25% more turnover.

ICLEAN DOG WASH

CLASSIC

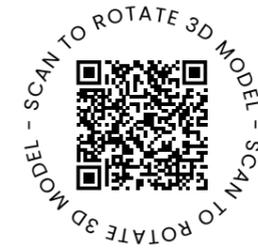

"The original Dog Wash reinvented"

iClean Dog Wash *Classic*

— The iClean Dog Wash Classic is an offspring of the original Dog Wash, of which hundreds are already operating worldwide.

iClean International has improved and redesigned the original Dog Wash and updated it with car wash-quality components and an 11-inch touchscreen (iPad size) and a 32-inch Full HD TV with a lot of extra features.

ICLEAN DOG WASH

XL

"When the right materials strike the perfect chord"

iClean Dog Wash XL

iClean International anticipates and responds to changing customer needs through constant evolution and innovation. While the iClean Dog Wash Classic is already the most advanced dog wash in the world, we got a request from the market to develop a new Dog Wash model that gives the biggest dogs more space and has a plateau that allows the dog to turn more easily to improve the washing experience. We put our engineers to work and can now proudly present the iClean Dog Wash XL.

We increased the plateau size by 11.8" (30 cm) x 3.9" (10 cm). We took this opportunity to change the overall shape of the Dog Wash machine standard. We added elegant round shapes and a round bathtub window. We mounted multicolor LED panels behind the logos, which we cut out of stainless steel (customizable). When you consider the attention to detail and luxurious touches found all over this machine, it becomes even more enticing.

ICLEAN DOG WASH

FUTURA

"Virtually the new Dog Wash reality"

iClean Dog Wash Futura

— The all-new iClean Dog Wash Futura leaves you with a first impression that is impossible to forget. The Futura has the same big plateau as the XL, which allows the dog to turn more easily and improves the washing experience. The design of the Futura goes far beyond its electric exterior. In so many ways, it is really all connected.

Engineering and designing an iClean Dog Wash is not simply a matter of physics or architecture; it is a systematic compilation of disparate disciplines and ideas, forged into something iconic and sophisticated. The Futura is a symbol of everything an iClean Dog Wash stands for and a reminder that iClean is blazing a new trail. The Futura is a dream machine any way you look at it.

ICLEAN DOG WASH

spa

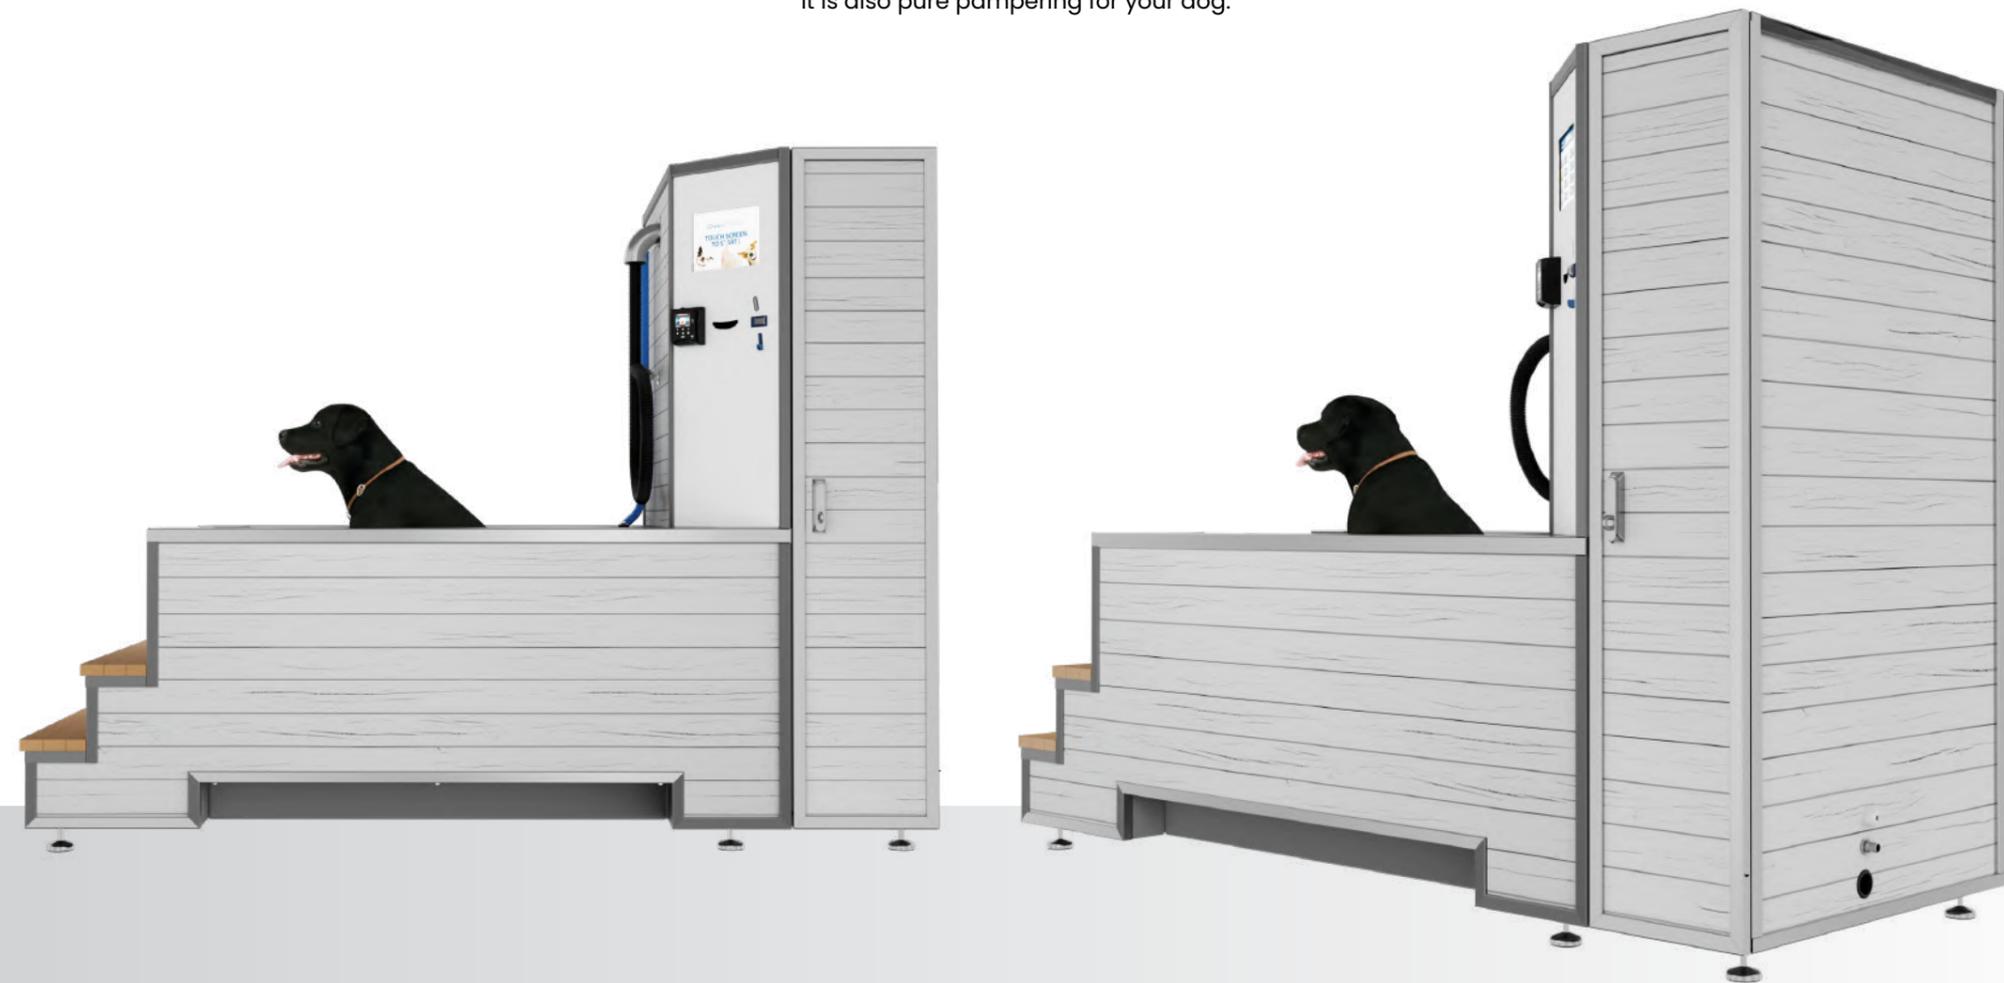

"Experience Dog wellness"

iClean Dog Wash *Spa*

— A major pet store chain from the United Kingdom approached us and asked us to incorporate our premium quality Dog Wash technology in a new Dog Wash model with a luxurious look and feel. At iClean Dog Wash customer is king so we put our designers to work on this challenge.

The new iClean Dog Wash Spa is equipped with wellness-style panel designs and wooden steps made from Bangkirai rainforest trees. You can choose from various types of wood, stone & tile designs to customize the look to your liking. Not only does this spa have a luxurious look, it is also pure pampering for your dog.

iClean Dog Wash *Dog Wash Products*

— All iClean Dog Wash products are biological, organic, tearless and biodegradable.
(Except iClean Dog Wash Disinfectant)

iClean Dog Wash Shampoo

Universal Shampoo, by iClean, targets the cause of unpleasant pet odors. iClean Dog Wash Shampoo is an effective, yet kind and gentle shampoo that cares for your dog's coat, with a low foam formula that ensures easy rinsing, shorter bath times and a beautifully clean and revitalized dog.

iClean Dog Wash Conditioner

Coat Conditioner, by iClean, helps to reduce excessive molting and promote a healthy glossy coat. Molting is a natural process and most dogs will molt once a year. Excessive molting can be a problem and can cause unsightly hairs around the house.

iClean Dog Wash Anti-Flea Shampoo

Flea and Tick Shampoo, by iClean, has been created for dogs with fleas and ticks by pet care experts, with an advanced formulation that also targets the cause of unpleasant pet odors. iClean Flea and Tick Shampoo rids your furry friend of unwanted fleas and ticks. Prevent, treat, control.

iClean Dog Wash Disinfectant

iClean Disinfectant is a powerful multi-surface cleaner used for disinfecting the washtub of the iClean Dog Wash unit. The professional Disinfectant is effective against bacteria, viruses, molds and yeast. iClean Disinfectant leaves a fresh, clean, pine scent.

22-inch Touchscreen model

Details Touchscreen

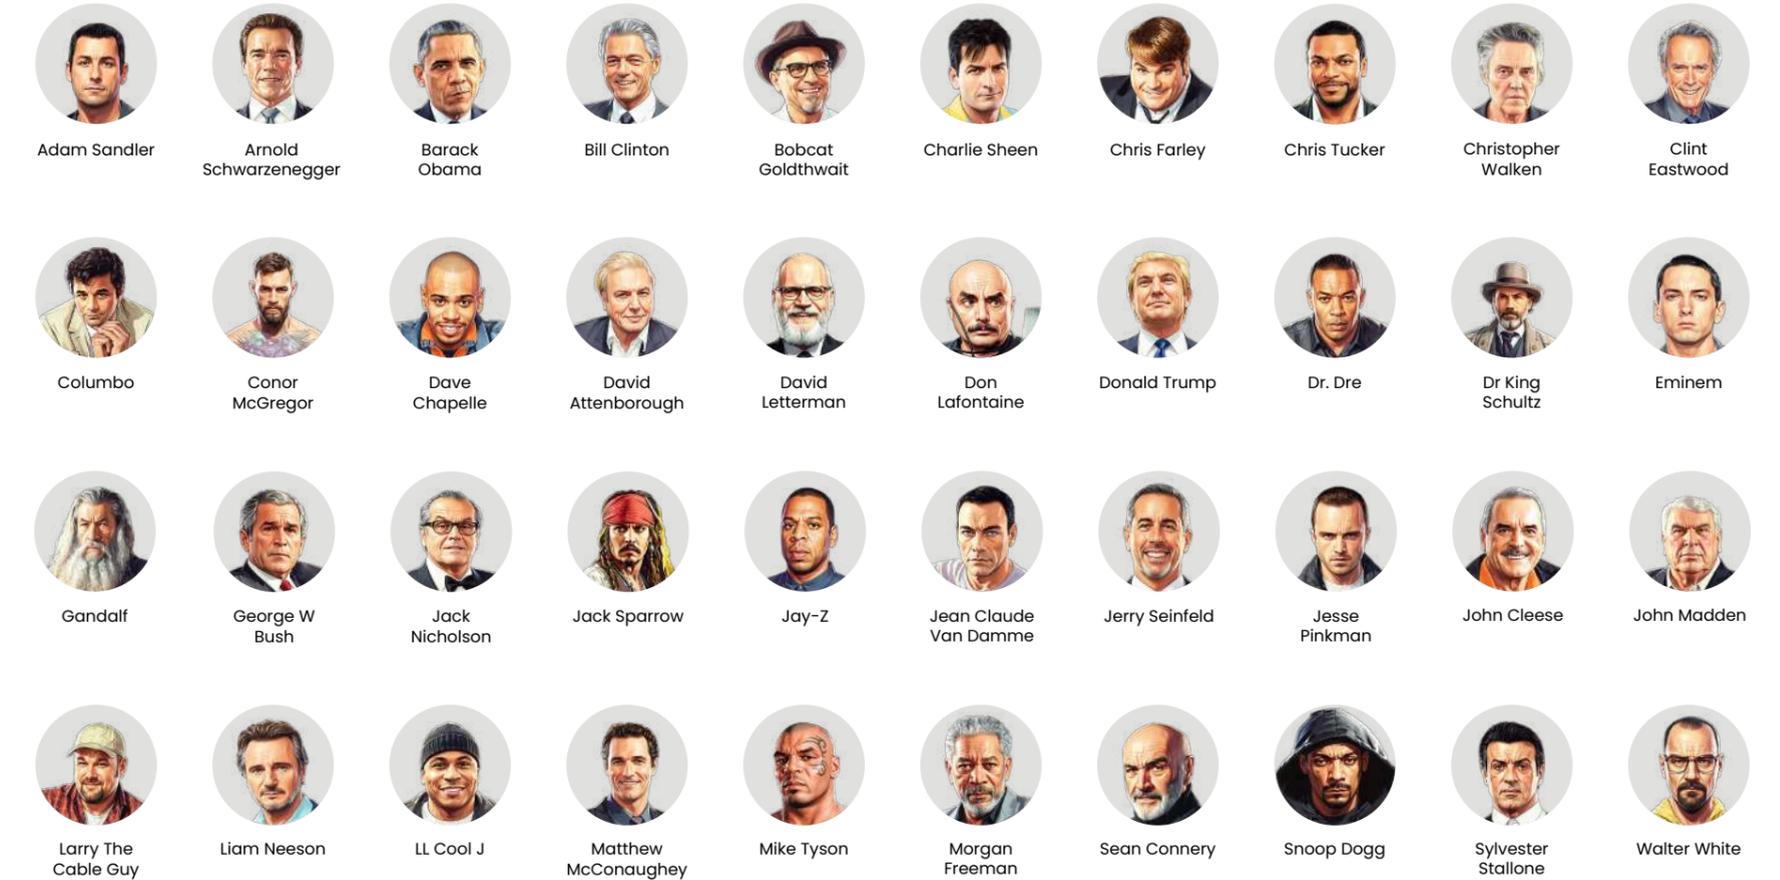

- ▶ MEGA 22-inch Full HD Touchscreen
- ▶ 6 mm vandalism proof Gorilla glass
- ▶ Custom User interface
- ▶ Audio instructions 30 languages 40 celebrities

Celebrity instructions

iClean Dog Wash makes washing your dog fun! Our touchscreen models give the customer the option to choose between various celebrities (impersonations).

The celebrity will guide you through the various wash programs. The audio instructions are recorded by professional voice-over artists. The celebrity voices turn every wash into a unique experience!

Selectable payment options

Coin & token validator

This coin validator has set new reference standards in coin validation. With five different sensors and ten recognition parameters, it ensures a high level of recognition and discrimination of valid and counterfeit coins. With the coin validator, the customer can pay with coins and tokens. We can configure the coin validator to accept any currency.

Banknote reader

The banknote reader is easy to use. It guarantees a high acceptance level for banknotes. The note transport and note guidance technology has been improved and can recognize any attempts at fraud. With the banknote reader, the customer can pay with banknotes. We can configure the banknote reader to accept any currency.

Nayax payment terminal

The all-in-one contactless, contact & swipe card reader. Give your customers the flexibility to pay any way they choose. Accept all forms of cashless payments.

- Debit and Credit Cards
- Swipe, Contact or Contactless
- Mobile, SMS and NFC Payments
- Supports Apple Pay & Google Pay
- Prepaid cards, closed environment

Selectable additional options

Electric water heater

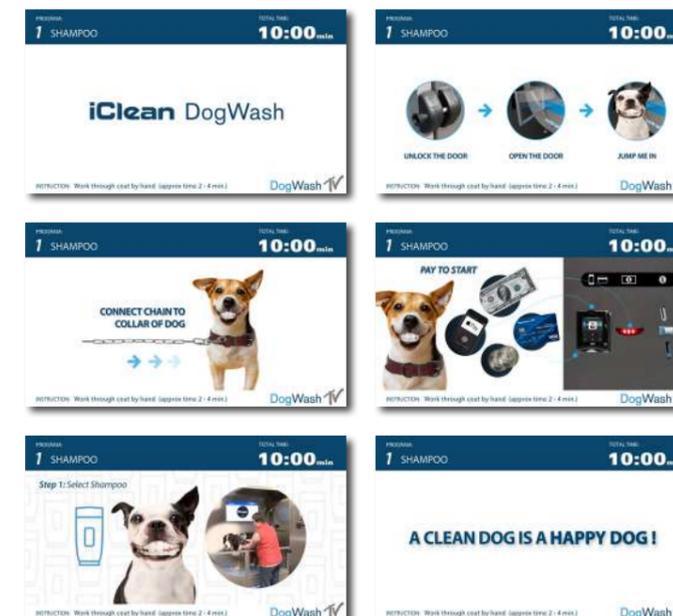

If no central water heater is available within a 10-meter radius, a water heater must be installed at the bottom of the Dog Wash cabinet. The close-in water heater has a big tank with a volume of 50 liters. This provides enough hot water for peak periods.

32-inch FULL HD LED TV

We offer the option to build a 32-inch FULL HD LED TV into the back wall of your Dog Wash. This is a perfect marketing tool. You can play videos via the operating system / touchscreen computer. The Dog Wash comes with a media USB stick with a screensaver animation in the language of your choice. You can also use the TV for advertising and cross-selling purposes. The Dog Wash is used for cross-selling in most locations where it is installed (for example: car wash locations, gas stations, pet stores, veterinary clinics, garden centers or holiday resorts).

The touchscreen Dog Wash models have an overlay that is displayed on top of the TV videos. This allows the customer to see relevant information while washing.

- The overlay shows:
- Selected program
 - Total time left
 - Wash instruction

○ Custom design

Custom design

— Our company has its own marketing department. Our designers are happy to make an unique custom design for you. We can create decals for your Dog Wash unit with your company's colors and logo. The sky is the limit!

For more custom designs please visit our website: www.icleandogwash.com

Project *Walmart*

iClean International and Walmart worked together on a custom iClean Dog Wash Classic ADA compliant unit. We designed a custom Walmart Dog Wash Classic with push button control, coin & token validator, banknote reader, Nayax payment terminal and custom decals.

We also developed a custom instruction video.

For more custom Dog Wash projects please visit our website: www.icleandogwash.com

Project *PetSmart*

iClean International and PetSmart worked together on a custom iClean Dog Wash XL. We designed a custom PetSmart Dog Wash XL with an 11-inch touchscreen, coin & token validator, banknote reader, Nayax payment terminal, custom kickpanel and decals.

We also developed new software with custom audio instructions, user interface, screensaver & instruction video.
